Objective - Eager to learn, grow and contribute.

Skills -

- **Programming Languages:** C#
- **Database:** SQL Server
- **Web Technologies:** HTML
- **Application Development:** MVC and Windows Forms

Internship [March 2024 – January 2025]

Completed a 11 months “**Work Experience Program**” covering C#, .NET, ASP.NET MVC at **NapaSoft**, gaining hands-on training in .NET technologies. Trained under **Mr. Pramod Dubey**, an IIT BHU alumnus with 33+ years of software development experience.

Projects

Basic Employee Management System (MVC, C# and SQL)

- Developed a system with CRUD operations for managing employee details, including image storage and PDF generation.
- Designed a clean user interface using light colours with a help page for guidance.
- Focused on simple management of employees records in a SQL database.

. Mech Master Garage (MVC, C# and SQL)

- Developed a Garage Management System featuring CRUD operations to list, store, search, and delete customer details from a SQL database.
- Easier way to print invoices or generate PDFs for better customer interaction.
- Paid Attention to Simple and Clean User Experience.

Education

- **B. Sc (IT)** (2019– 2022) – Jamshedpur Cooperative College, 7.98 Cgpa
- **Intermediate in Science** (2017– 2019) – Shiksha Niketan School, 70%
- **Matriculation** (2017)– Shiksha Niketan School, 9.8Cgpa
